assembly

Dreams

Thank you

Hello, thanks for choosing to purchase your bed from Dreams - you're now on your way to your best ever night's sleep. Before you begin building your bed, please take a moment to read through the instructions and make sure that you've got all the relevant parts listed on the following pages.

Assembly tips

Before you begin, it's best to identify all parts and fittings to build your bed. We advise laying these out on the floor to check you have everything, and familiarising yourself before building.

Top tip

We recommend that you build your new bed in the room you'd like it to be located - this will help prevent any risk of damage to your newly built bed whilst moving it.

Safety and care

It's really important to ensure children and animals are kept away from the assembly area, as there are small components used in this bed which could present a choking hazard. All plastic and wrapping materials should also be kept away from children and animals to prevent any risk of suffocation. To keep your little ones busy, there is a colouring page inside the back cover.

Help and support

At Dreams, it's our mission to give the whole nation a great night's sleep - this means that the quality of our products is of utmost importance to us. If there are any issues with your product or any missing parts, please visit our website at www.dreams.co.uk/help

Recycling

Please ensure that packaging is disposed of in a safe and environmentally friendly way, and recycle where possible. Please keep your assembly instructions safe to refer back to in the future.

Parts

Final Check

14

Top mattress maximum depth 10" (254mm)
Lower mattress maximum depth 10" (254mm)
Top and lower bed maximum weight load 95kg

Double USB Charger Parts List

ITEM NO	PART DESCRIPTION	IV CODES
A	Double USB charger-black (2pcs) / Double USB charger-silver (2pcs)	IV001435 / IV001439
B	BF-power adaptor-12V DC-24W-3 way socket-UK plug (1pc)	IV001436

TROUBLE SHOOTING

- The USB socket does not charge a USB device.

Questions	Answer	Corrections
Is there a 'Blue circular power LED light' illuminated at the USB charge socket, when a device is connected to it?	Yes _____	<ul style="list-style-type: none"> * If the blue LED light is illuminated- this means the USB charge socket is functional and distributing power up to 1amps at 5 volts. * Please try an alternative device and charge cable.
	No _____	<ul style="list-style-type: none"> * Please check/ ensure 1. The power adaptor plug (P) is firmly connected to a working 'switched on' mains 240v power supply. (See page 9 for detail) 2. The connector of the USB charger is firmly connected to the 3 way socket. (See page 9 for detail) 3. The USB power cable is working & the device is able to take a charge (test cable and device in an alternative charge point) * All steps have been followed and the issue still remains, please contact support@bssbfurnitureinnovation.com with purchase information.

SPECIFICATION

Care and maintenance

Here are some tips to keep your new bed in tip-top condition

Cleaning

To clean your new bed, we'd advise using a warm damp cloth - please do not use abrasive chemicals or bleach as this may damage the product.

Checking and moving

Periodically we recommend you check that the screws or fixtures haven't been become loose, over time. To move your new bed, we recommend lifting it where possible, as dragging or pushing it could cause damage to your flooring.

Wood

Please note each of our wooden pieces are unique, meaning that markings and shade can vary slightly between beds. Over a period of time, the wood might lighten or fade slightly due to light exposure.

Fabric

Please note depending on the lighting, positioning and surroundings of your room, the shade of the colour can sometimes appear slightly different. Over a period of time, the colour might lighten or fade slightly due to light exposure.

Metal

Metal tends to be more resilient to everyday wear and tear. We recommend to gently dust your metal furniture and keep it dry to maintain its look.

Thank you for shopping with us - we hope you have a great night's sleep

Sleep well

Little dreamers

Keep the little ones entertained while you assemble your new purchase.

Dreams

A pink wavy line that underlines the word "Dreams". It starts with a small upward curve on the left, dips into a shallow wave in the middle, and then rises with a small upward curve on the right.
