Dreams

Love your bed

Thank you

Hello, thanks for choosing to purchase your bed from Dreams - you're now on your way to your best ever night's sleep. Before you begin building your bed, please take a moment to read through the instructions and make sure that you've got all the relevant parts listed on the following pages.

Assembly tips

Before you begin, it's best to identify all parts and fittings to build your bed. We advise laying these out on the floor to check you have everything, and familiarising yourself before building.

Top tip

We recommend that you build your new bed in the room you'd like it to be located - this will help prevent any risk of damage to your newly built bed whilst moving it.

Safety and care

It's really important to ensure children and animals are kept away from the assembly area, as there are small components used in this bed which could present a choking hazard. All plastic and wrapping materials should also be kept away from children and animals to prevent any risk of suffocation. To keep your little ones busy, there is a colouring page inside the back cover.

Help and support

At Dreams, it's our mission to give the whole nation a great night's sleep - this means that the quality of our products is of utmost importance to us. If there are any issues with your product or any missing parts, please visit our website at www.dreams.co.uk/help

Recycling

Please ensure that packaging is disposed of in a safe and environmentally friendly way, and recycle where possible. Our assembly instructions are printed on recycled paper. Please keep your assembly instructions safe to refer back to in the future.

IMPORTANT OTTOMAN SAFETY WARNINGS

- IMPORTANT – READ CAREFULLY – RETAIN FOR FUTURE REFERENCE
- Ensure the combined bedding and mattress weight is within the recommended weight guidance.
- Adult Operation Only: Not recommended for use by under 12 years old. Please note ease of operation is dependent on height and strength of user.
- Avoid Entrapment: Always lift the bed with the mattress in place, using the handle to lift and lower the base, keeping clear of the mechanism.
- Do not exceed the maximum weight as specified in the table below:

Bed	Bed Size	Min Weight (kg)	Max Weight (kg)
Holden bed	Double	20	53
	King	20	62

- Fully Open Ottoman: Ensure the ottoman is fully open before accessing the storage area.
- Avoid Hinge Area: Do not reach into the storage area through the hinge mechanism.
- Keep Children and Pets Away: Ensure children and pets stay away from the storage area. Do not stand inside the internal storage area of the bed.
- Maintenance - Regularly inspect your bed to ensure it is functioning correctly.
- Safety Strap/Handle must be positioned in the centre of the bed frame.
- Always use the safety strap/handle to open.
- Keep hands clear of the mechanism when opening or closing the ottoman.
- No children or animals are left unattended when the frame is in the 'up' position.
- Do not overload the internal storage base.
- Before removing the mattress secure the frame to ensure it does not open unexpectedly.
- Do not attempt to lie on the mattress when the ottoman is in the raised position.
- When lifting the ottoman remove all bedding except the fitted sheet.
- Depending on the weight of the mattress, the rising speed will vary so be careful until you get used to the speed.
- NOTE: When fully assembled and the mattress is in position, please raise and lower the ottoman 4 / 5 times to ensure the gas pistons are fully lubricated.

Care and maintenance

Here are some tips to keep your new furniture in tip-top condition

Cleaning

To clean your new furniture, we'd advise using a warm damp cloth or if fabric, remove dust using a low suction vacuum cleaner - please do not use abrasive chemicals or bleach as this may damage the product.

Checking and moving

Periodically we recommend you check that the screws or fixtures haven't been become loose, over time. To move your new furniture, we recommend lifting it where possible, as dragging or pushing it could cause damage to the legs or flooring.

Wood

Please note each of our wooden pieces are unique, meaning that markings and shade can vary slightly between beds. Over a period of time, the wood might lighten or fade slightly due to light exposure.

Fabric

Please note depending on the lighting, positioning and surroundings of your room, the shade of the colour can sometimes appear slightly different. Over a period of time, the colour might lighten or fade slightly due to light exposure.

Metal

Metal tends to be more resilient to everyday wear and tear. We recommend to gently dust your metal furniture and keep it dry to maintain its look.

Thank you for shopping with us - we hope you have a great night's sleep

Sleep well
