IMPORTANT OTTOMAN SAFETY WARNINGS

- **IMPORTANT-READ CAREFULLY - RETAIN FOR FUTURE REFERENCE**
- **Ensure the combine bedding and mattress weight is within the recommended weight guidance.**

Recommended weight guidance for safe operation:

Bed	Bed Size	Min Weight (kg)	Max Weight (kg)
Nocturna Mattress Base Board	Small Double	20	50
	Double	20	55
	King	20	60

- **Adult Operation Only:** Not recommended for the use by children under the age of 12 years old, Please note ease of operation is dependent on height and strength of user.
- **Avoid Entrapment:** Always lift the bed with the mattress in place, using the handle(s) to lift and lower the base, keeping clear of the mechanism.

- **Fully Open Ottoman:** Ensure the ottoman is **FULLY** open before accessing the storage area.
- **Avoid Hinge Area:** Do not reach into the storage area through the hinge mechanism.
- **Keep Children and Pets Away:** Ensure children and pets stay away from the storage area, Do not stand inside the internal storage area of the bed.
- **Do not attempt to lie on the mattress** when the ottoman is in the raised position.
- **Note:** The bed uses a pressurised mechanism.
- **Maintenance:** Regularly inspect your bed to ensure it is functioning correctly.

Ottoman Beds - Important Safety Features

Our aim is always to give you the best experience and to ensure every effort has been made to guarantee your comfort and safety. Please take time to look at these instructions as they will help remind you how to operate your ottoman bed safely.

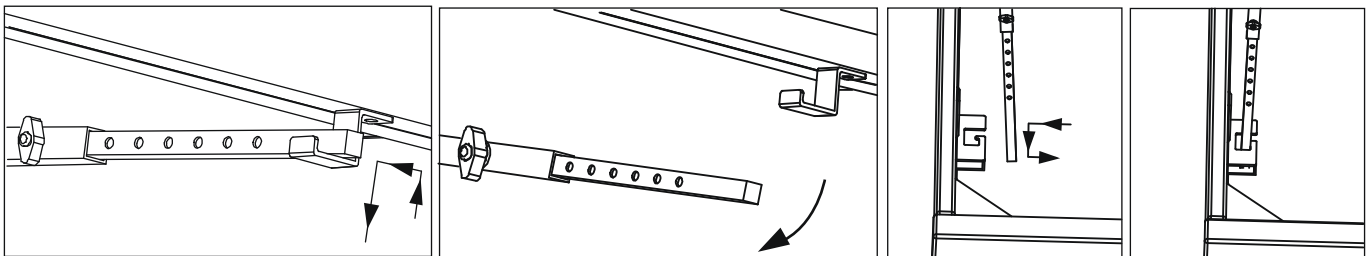

Here's a few things you need to remember;

- ✓ **Pistons are already assembled, or occasionally need to be fitted, in their correct orientation - this improves piston performance and durability.**
- ✓ **"Break in" the piston seals on first use by raising & lowering the platform at least five times.**
- ✓ **Recommended mattress weights - do not exceed the maximum relevant weight specified in this Assembly Instruction.**
- ✓ **Ottoman support bar - always engage the support bar when accessing the ottoman storage area.**

Read all the instructions before using your Ottoman bed-frame and save the instruction booklet for future reference.

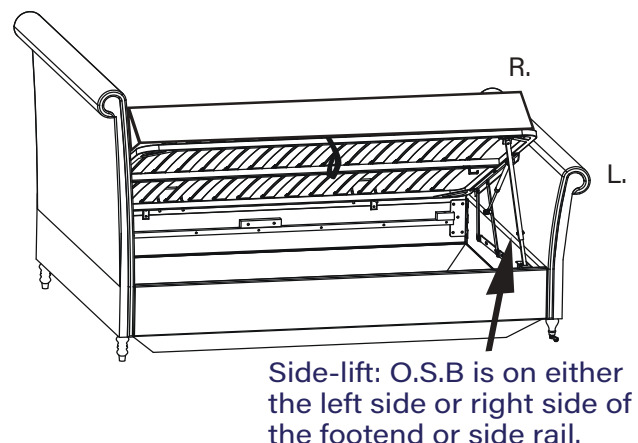

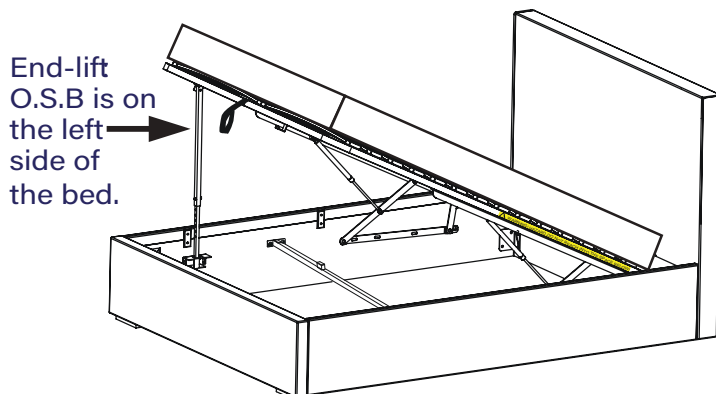

Ottoman Support Bar (O.S.B.)

For optimal safety during operation, always ensure the O.S.B. is engaged when accessing the ottoman storage area.

1. Always raise the ottoman slat-frame to its highest position before using the storage area.
2. Locate the end of the O.S.B and insert into the fixed retaining bracket on the bed frame.
3. When you are ready to lower the ottoman platform, return the O.S.B to its original parking position.
4. Always ensure that the O.S.B is in position when the ottoman is open, this prevents injury, or damage to the product.

Location of the O.S.B

WARNING! Risk of Entrapment

- The pistons on the ottoman bed frame can support a maximum load (evenly spread) as indicated in the Minimum and Maximum load table, on Page 2 of this Assembly Instruction.
- Overloading the sleeping platform may contribute to damage to the product resulting in potential serious injury.
- Do not sit on the mattress whilst the platform is in motion or is in the raised position.
- Users should only get in and out of bed when platform is in the flat (horizontal) position.

Thank you

Hello, thanks for choosing to purchase your bed from Dreams - you're now on your way to your best ever night's sleep. Before you begin building your bed, please take a moment to read through the instructions and make sure that you've got all the relevant parts listed on the following pages.

Assembly tips

Before you begin, it's best to identify all parts and fittings to build your bed. We advise laying these out on the floor to check you have everything, and familiarising yourself before building.

Top tip

We recommend that you build your new bed in the room you'd like it to be located - this will help prevent any risk of damage to your newly built bed whilst moving it.

Safety and care

It's really important to ensure children and animals are kept away from the assembly area, as there are small components used in this bed which could present a choking hazard. All plastic and wrapping materials should also be kept away from children and animals to prevent any risk of suffocation. To keep your little ones busy, there is a colouring page inside the back cover.

Help and support

At Dreams, it's our mission to give the whole nation a great night's sleep - this means that the quality of our products is of utmost importance to us. If there are any issues with your product or any missing parts, please visit our website at www.dreams.co.uk/help

Recycling

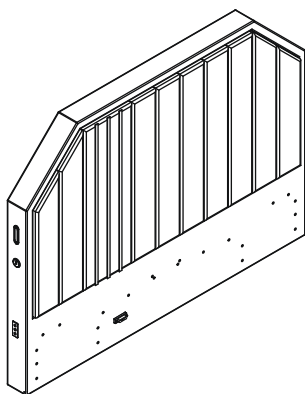

As part of our zero to landfill policy, we're more than happy to collect and recycle your old bed or mattress, ensuring no part goes to waste. We will also take away all your packaging for recycling at point of delivery. Please check out our services on www.dreams.co.uk/recycling-services for more information. If you do not want us to do this, please check with your local recycling centre on the best recycling method.

Parts

PLEASE NOTE: There are bolts which have been pre-fitted to the head and foot boards (A&B) which are not included below - please study Step 2 carefully.

Hardware needed for fitting metal corner brackets (J) adjustable cross bar (K), cable guards (G) and gas-lift mechanisms (H), media tray to side rail (C) .

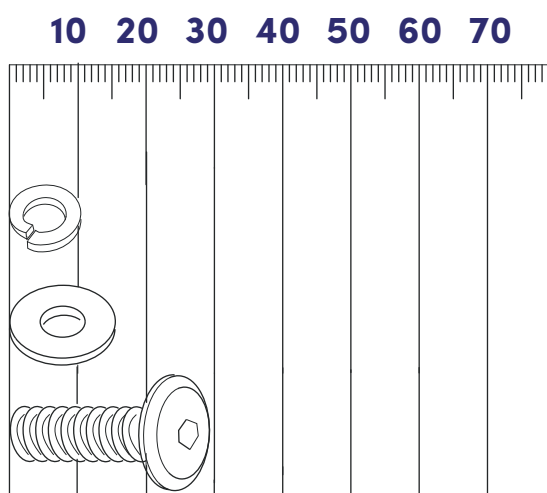

Packed in Side Rail Pack 3 - hardware Pack (A)

Code	Item	Quantity
1	Bolt (M8x30mm)	40
2	Spring Washer (For M8 bolt)	40
3	Flat Washer (For M8 bolt)	40
4	Allen key (For M8 bolt)	1
5	Thumb-screws (Spares)	2

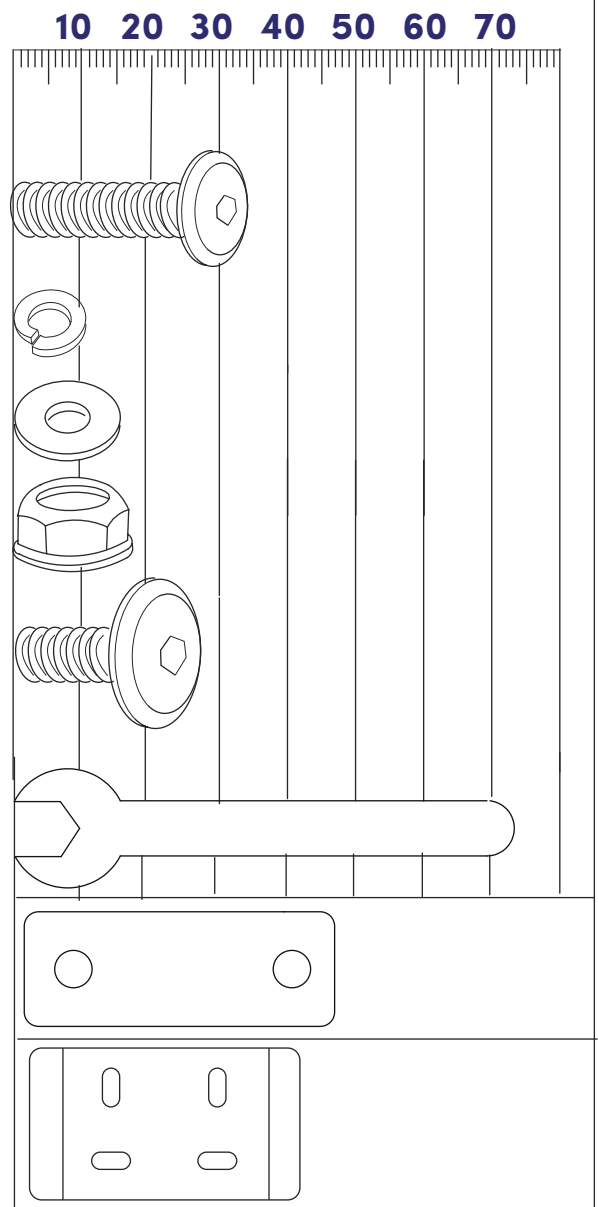

Hardware needed for fixing ottoman support bar (O.S.B) to the side rail
Packed inside the Ottoman Support Bar carton, inside Pack 3.

Code	Item	Quantity
2	Spring Washer (For M8 bolt)	5
3	Flat Washer (For M8 bolt)	5
6	Bolt (M8x25mm)	5

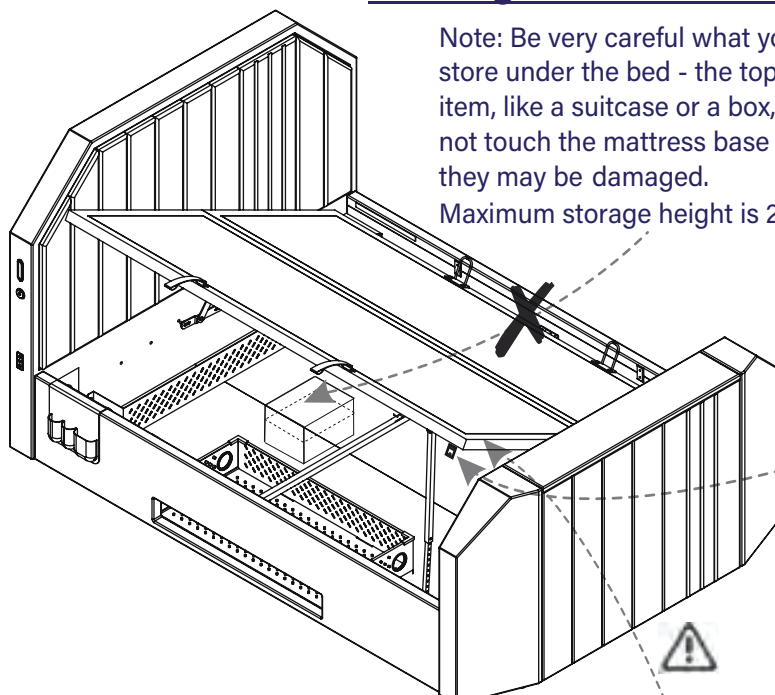

Hardware needed for fitting the mattress boards Packed in ottoman Pack 4B - hardware Pack (E)

Code	Item	Quantity
1	Bolt (M8x30mm)	22
2	Spring Washer (For M8 bolt)	20
3	Flat Washer (For M8 bolt)	20
10	Flanged lock-nut (M8) for gas-lift pistons	4
13	Big Head Bolt (M8x20mm)	8
11	Spanner for M8 nuts	1
14	Metal Plate for Fabric Hand Strap	2
15	Metal connection plates for mattress base board	4

Warnings for Mattress Base Board

Note: Be very careful what you store under the bed - the top of an item, like a suitcase or a box, must not touch the mattress base or they may be damaged.
Maximum storage height is 280mm.

⚠ WARNING

TO AVOID ACCIDENTS

To access the storage area, the ottoman frame **MUST BE FULLY OPENED** and then **FULLY CLOSED** afterwards.

Ensure the combine bedding and mattress weight is within the recommended weight guidance.

Adult Operation Only: Not recommended for use by children under the age of 12 years old. Please note ease of operation is dependent on height and strength of user.

Avoid Entrapment: Always lift the bed with the mattress in place, using the handle(s) to lift and lower the base, keeping clear of the mechanism.

Fully Open Ottoman: Ensure the ottoman is fully open before accessing the storage area.

Avoid Hinge Area: Do not reach into the storage area through the hinge mechanism.

Keep Children and Pets Away: Ensure children and pets stay away from the storage area. Do not stand inside the internal storage area of the bed.

Maintenance: Regularly inspect your bed to ensure it is functioning correctly.

Recommended weight guidance for safe operation:

Bed Size	Min (kg)	Max (kg)
Single	15	40
Small Double	20	50
Double	20	55
King	20	60
Super King	20	70

⚠ WARNING! HAZARD - DO NOT REACH INTO THE SPACE BELOW!

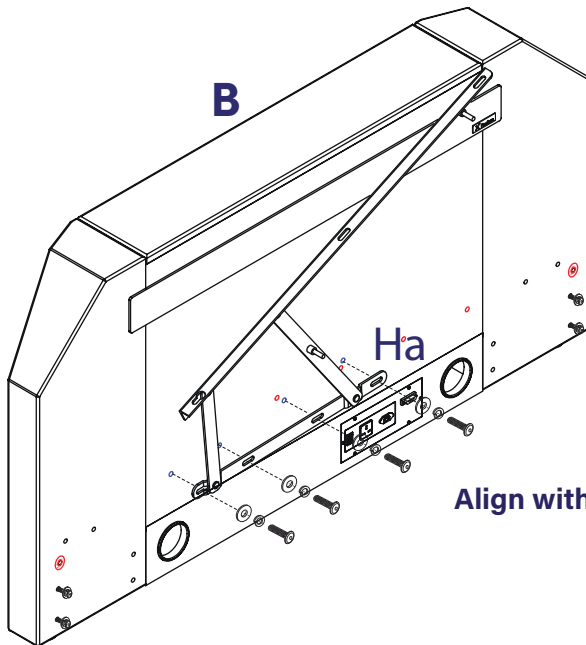

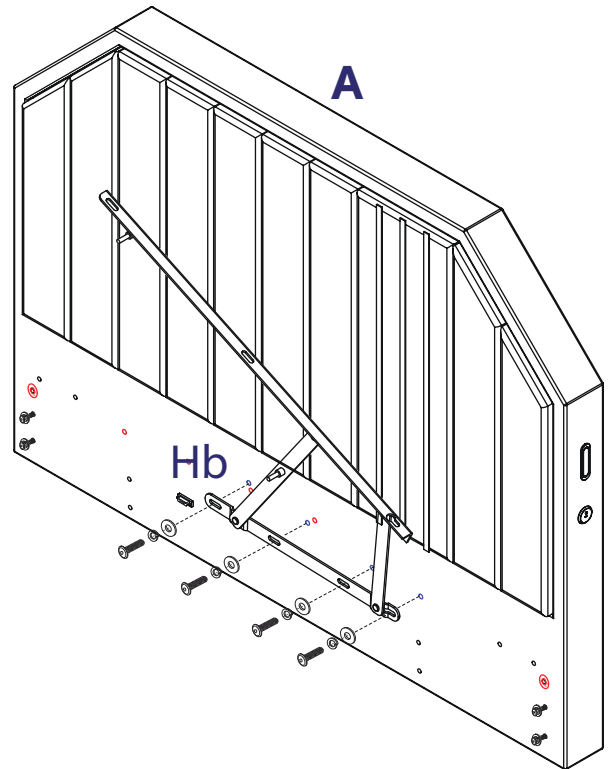

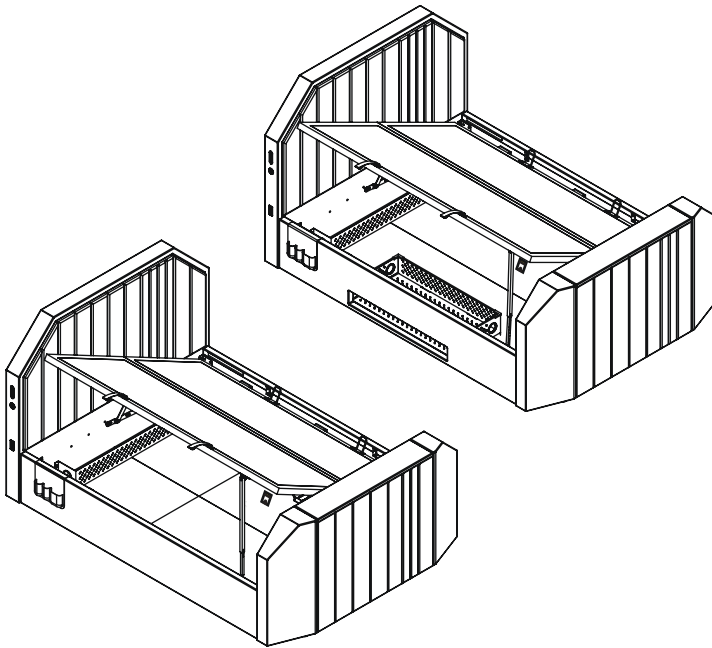

1a

Prepare headboard & footboard choosing from which side to lift up the ottoman.

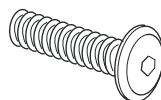

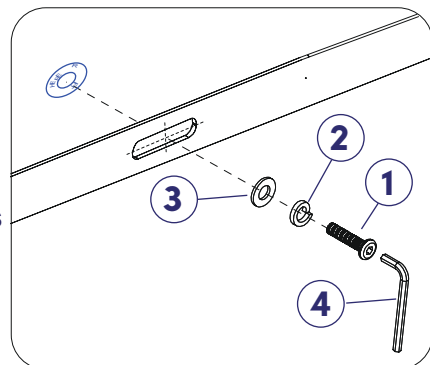

Follow these instructions if you want to lift the frame up from the **LEFT** side.

Check this diagram and if access is needed from the left side, fit both lift mechanisms to right side of the headboard & footboard. Bolt into the holes marked (R) with blue labels.

The mechanisms are labeled H(a) & H(b). Please carefully follow the diagram below.

Align with the Blue labels

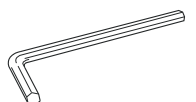

1 x8

2 x8

3 x8

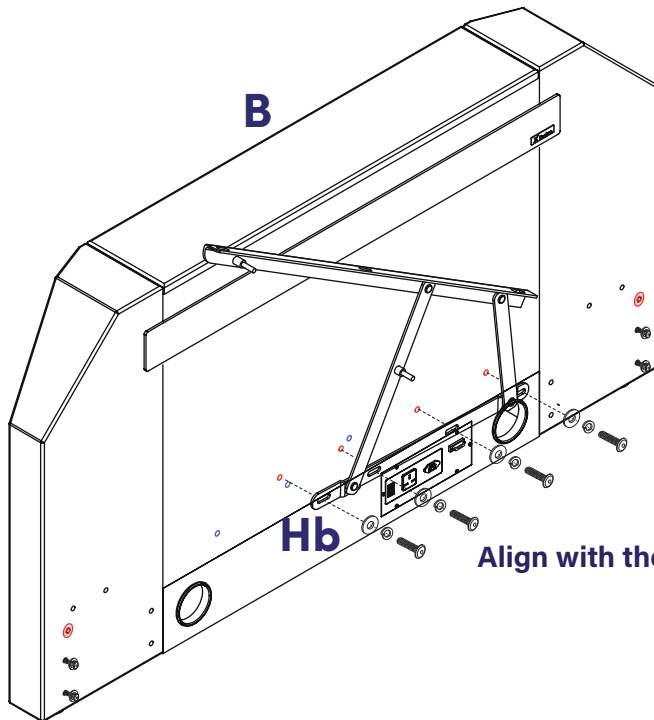

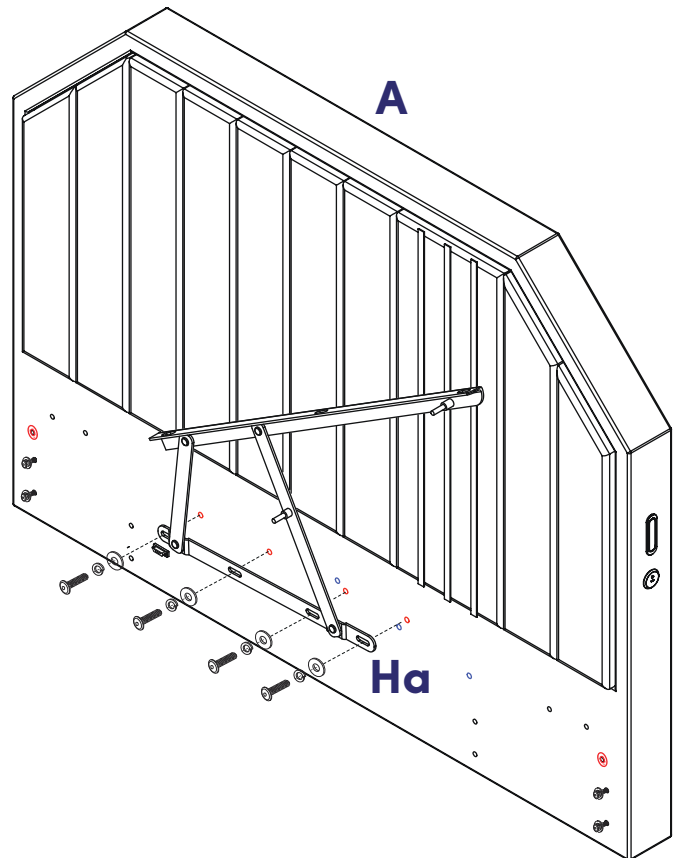

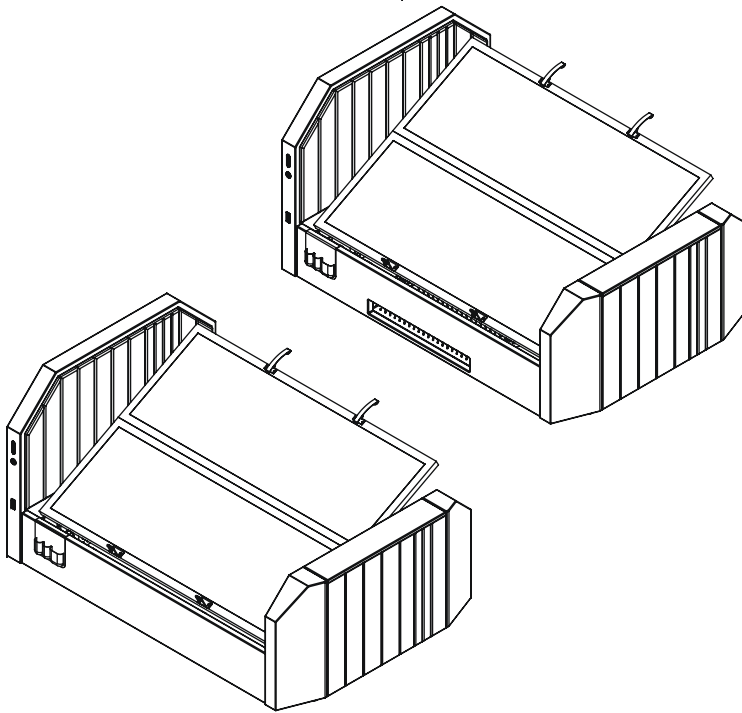

4 x1

1b

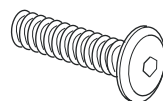

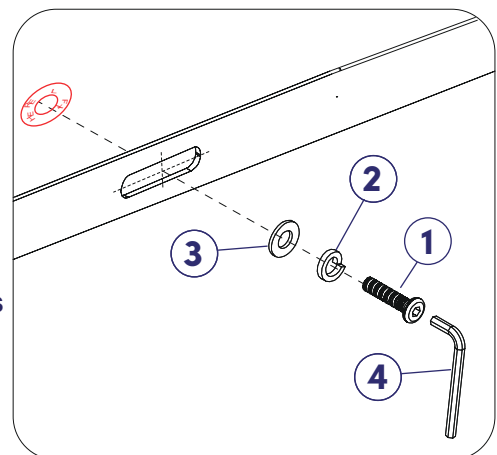

Follow these instructions if you want to lift the frame up from the RIGHT side.

Check this diagram and if access is needed from right side, fit both lift mechanisms to left side of the headboard & footboard. Bolt into the holes marked (L) with red labels.

The mechanisms are labeled H(a) & H(b) please carefully follow the diagram below.

Align with the Red labels

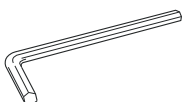

1 x8

2 x8

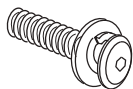

3 x8

4 x1

2

4

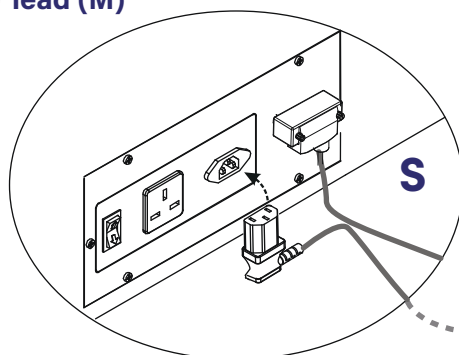

Connect the long cable (S) between DB 15 sockets on the head & foot boards. In the next Step 5, connect the mains power cable (M) as shown. Make sure the two cables are laid neatly on the floor. These cables will be covered by the baseboards later - see Step 23. Take care the cables don't get trapped under the baseboard feet.

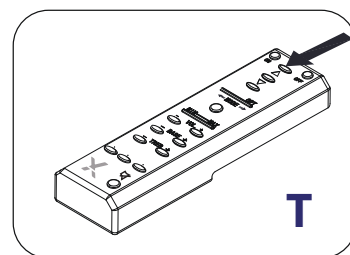

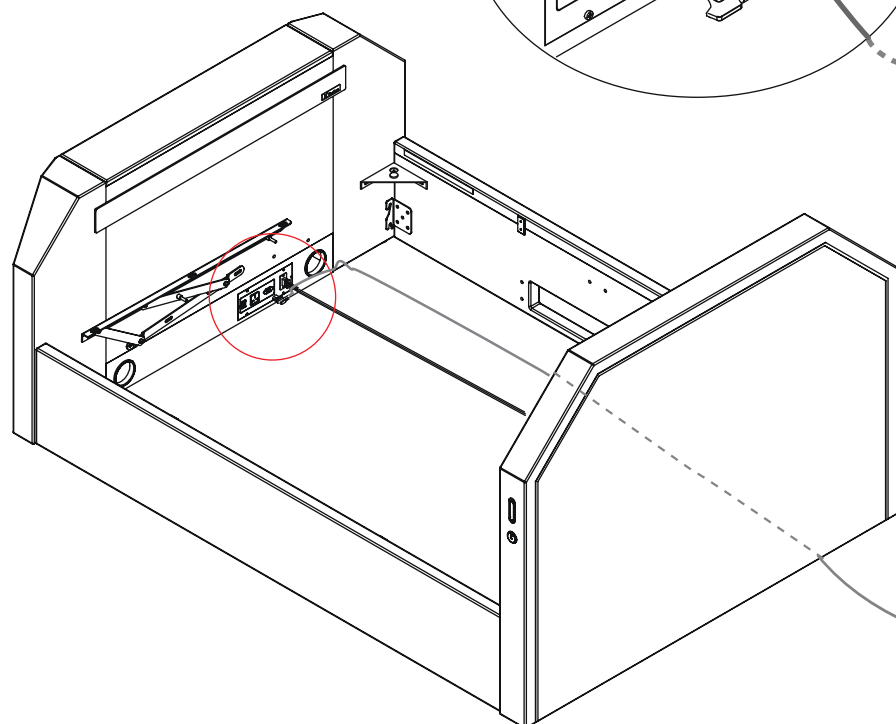

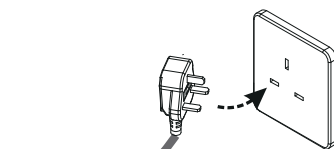

5

Connect the mains power lead (M)

i) Connect the power lead to your wall socket - for safety, this must be an earthed power supply.

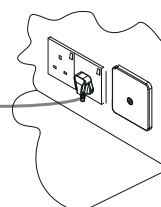

M

ii) Turn on the power to the system - please refer to the Operation Guide on Page 25.

On the RC, press the UP button to raise the TV lift.

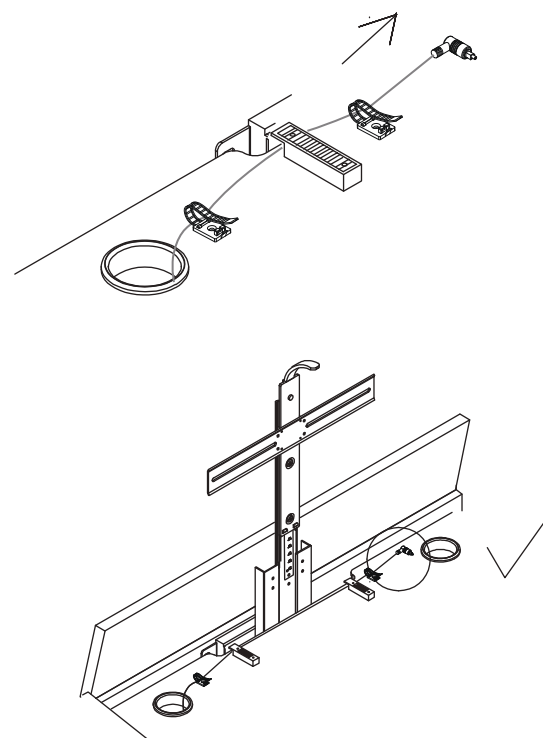

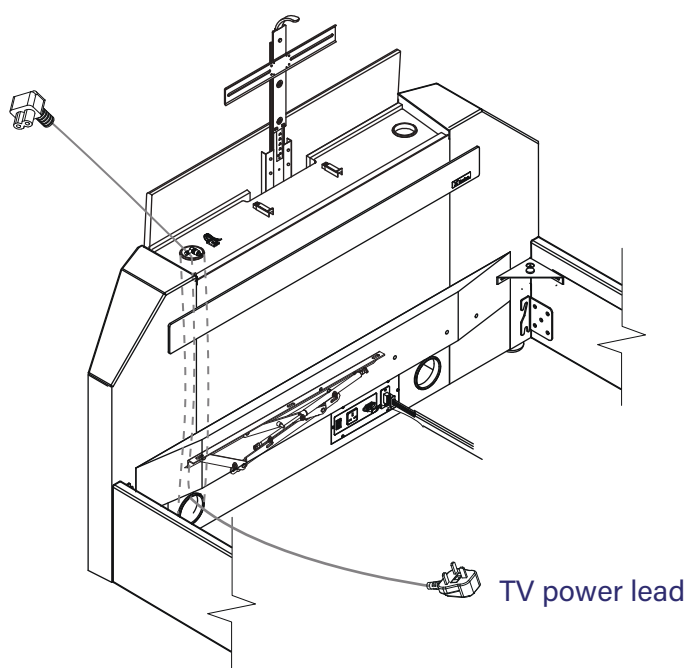

6

Notes: For illustration purposes only, TV connections may vary.

Tip:

Before fitting the TV, push any leads through each duct from the top choosing the best side to use depending on where the connection ports are on back of your TV.

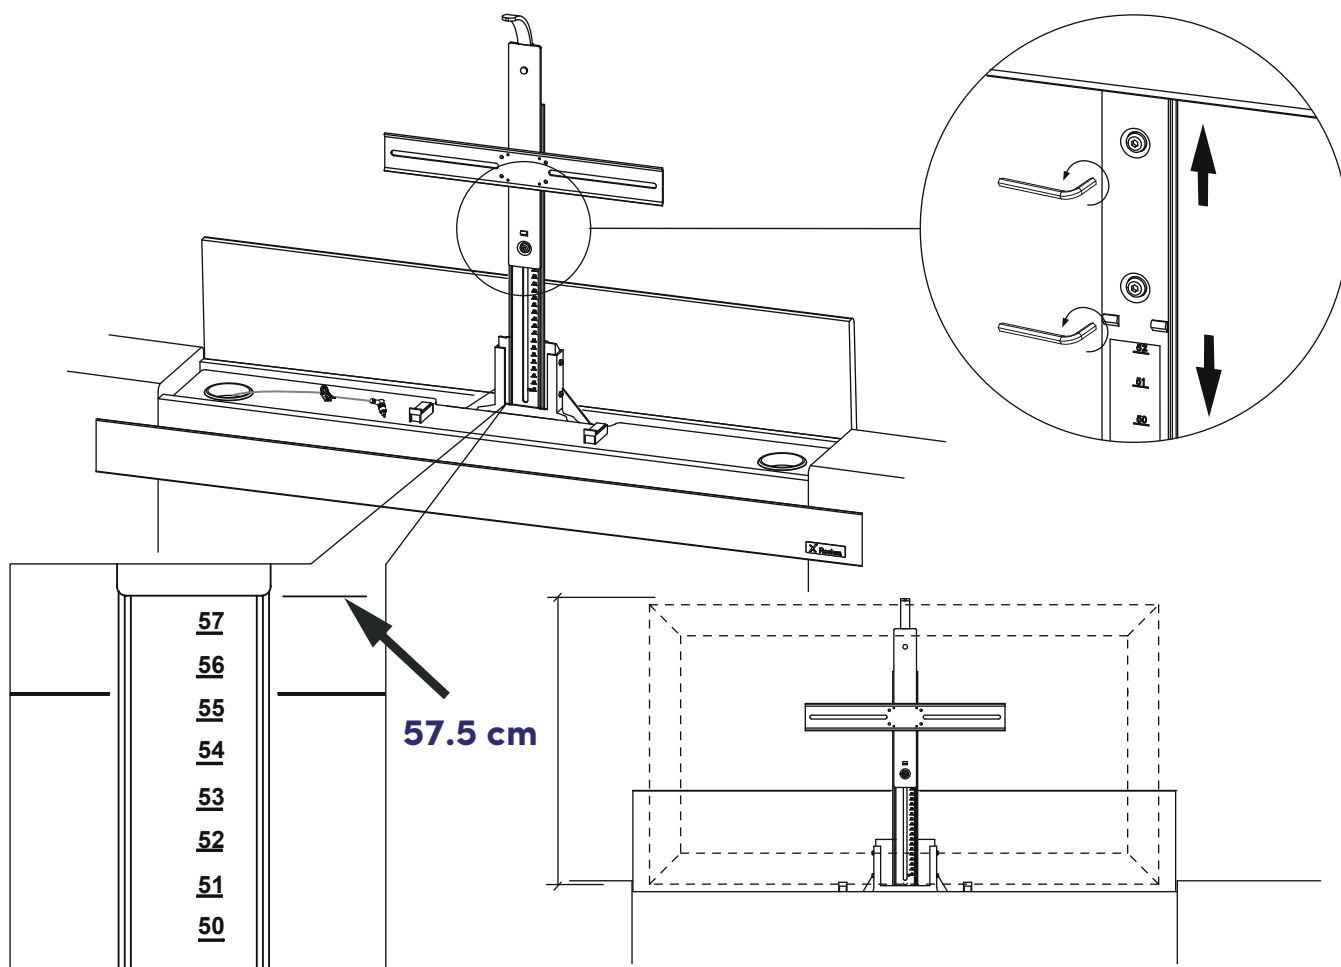

Never cross leads from one side to the other unless as shown in the instruction below.

7

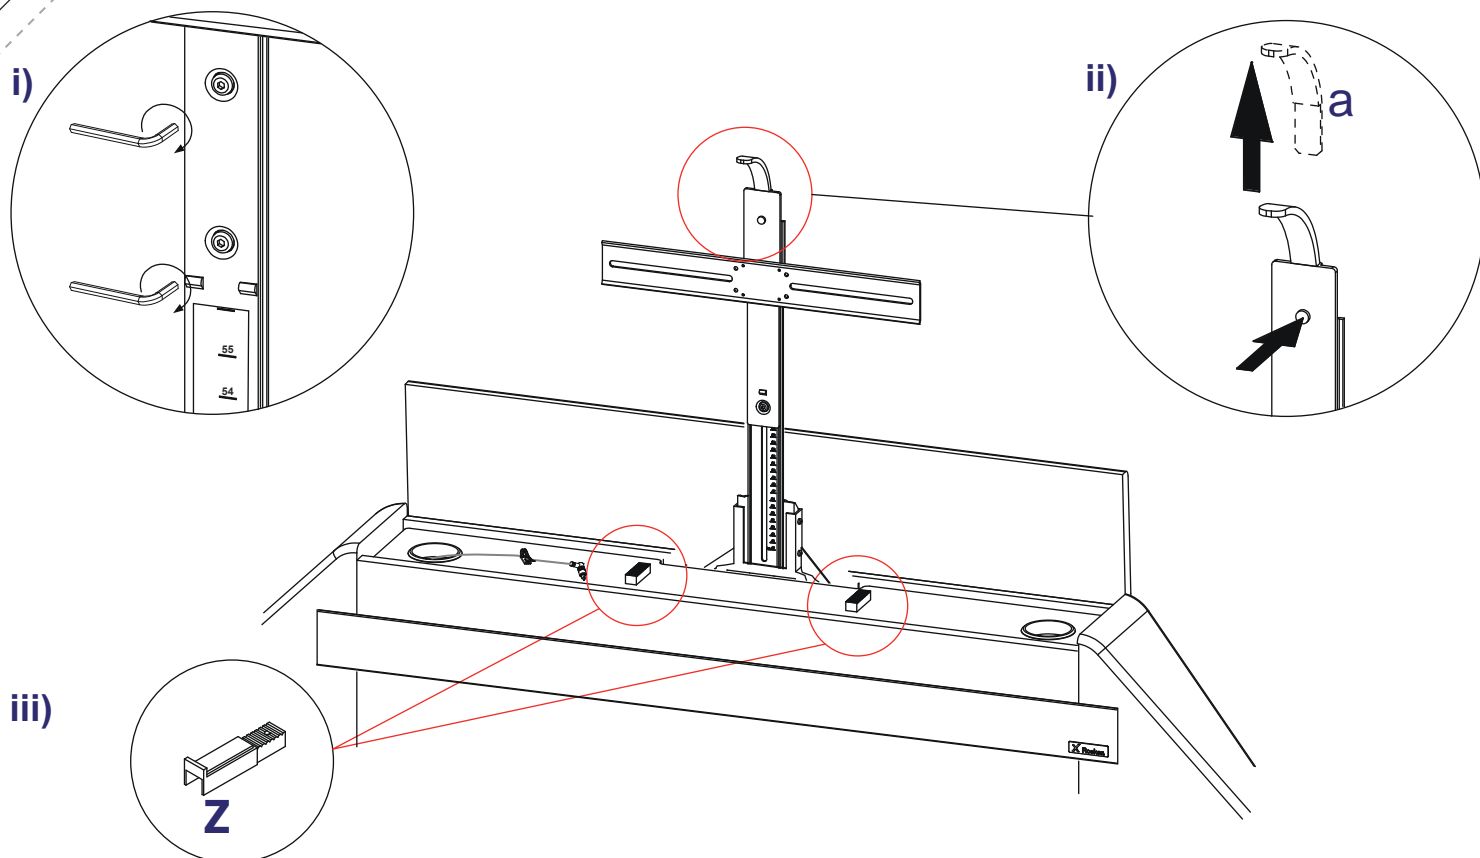

Set the ruler to the height of the TV - max TV size is 98 x 57.5 x 8.5 (WHD)

1 x14	2 x14	3 x14	4 x1	15 x2

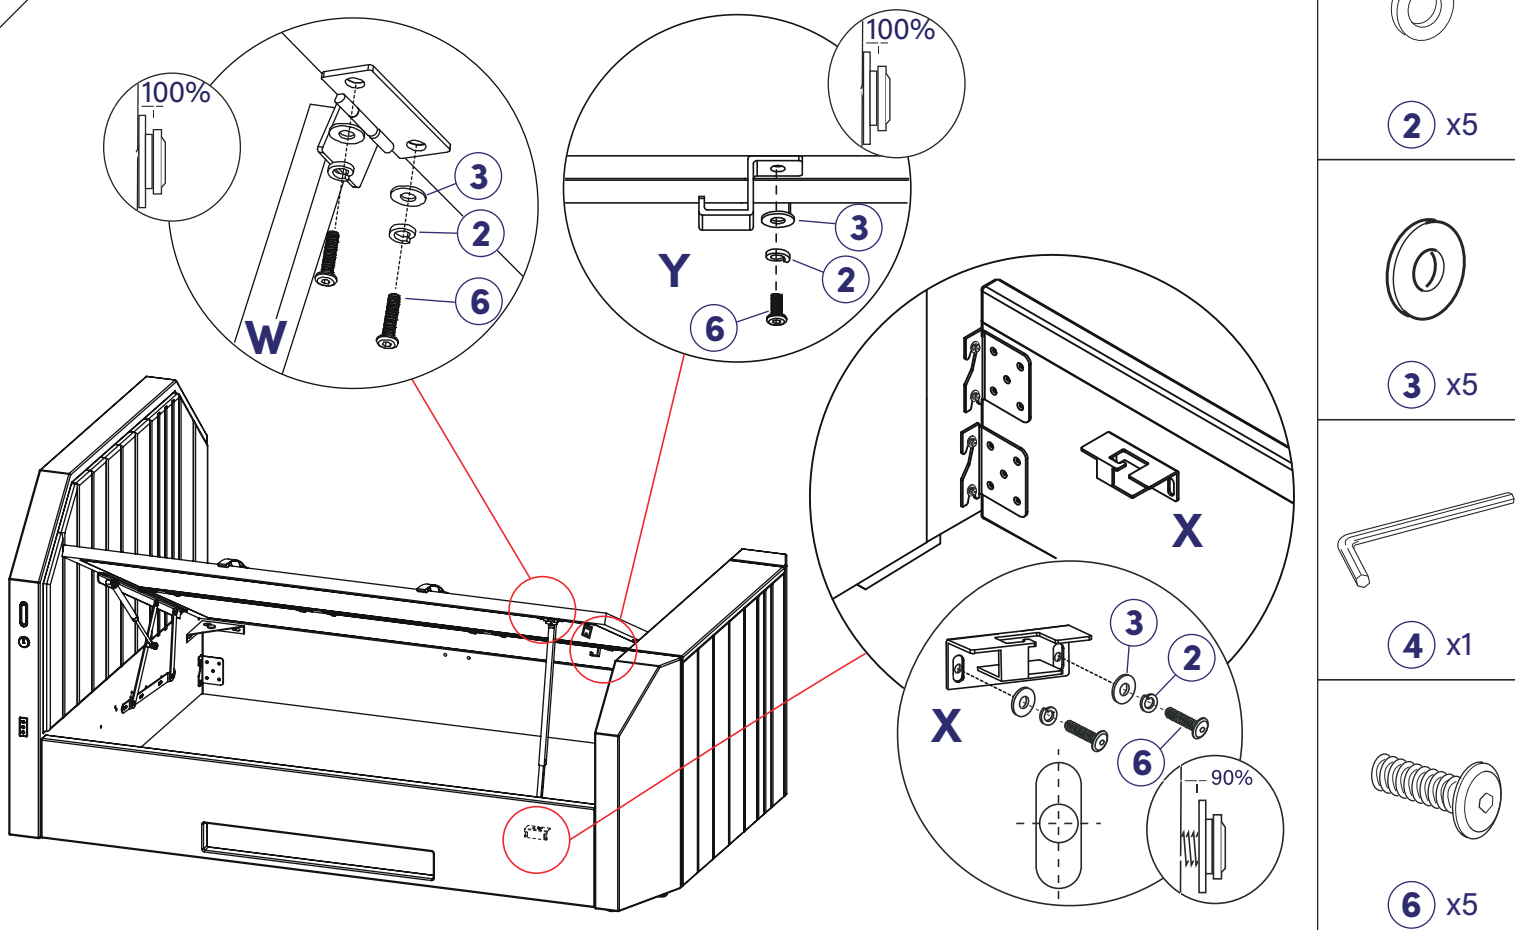

18

Fit the fabric hand straps as shown.

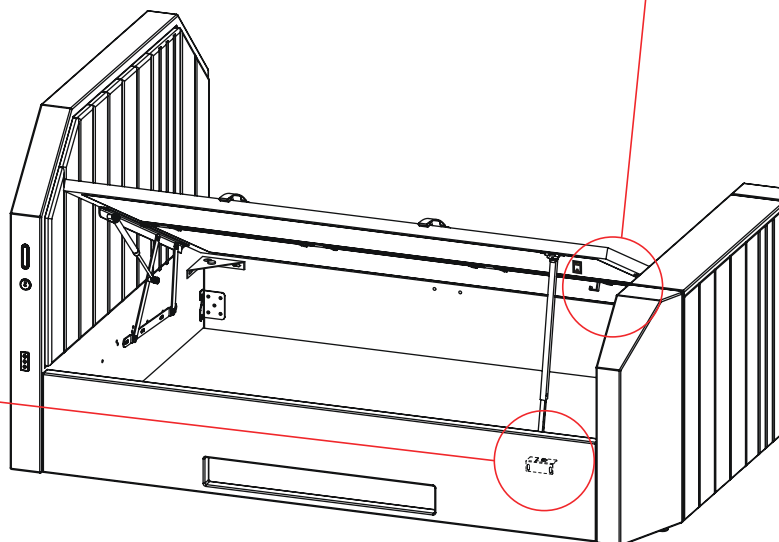

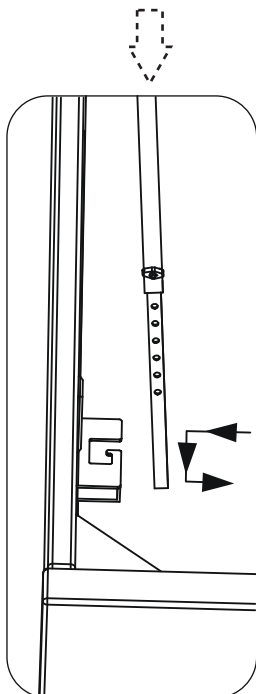

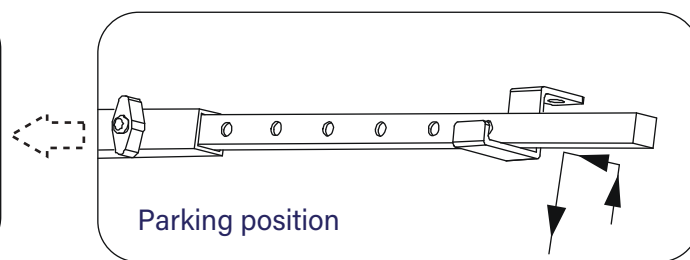

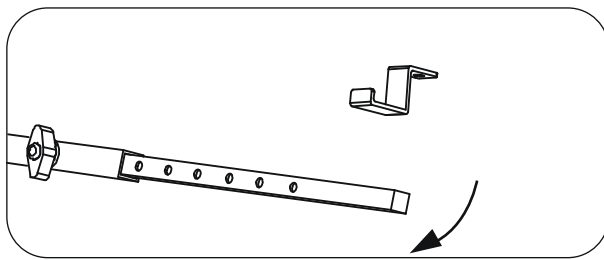

19

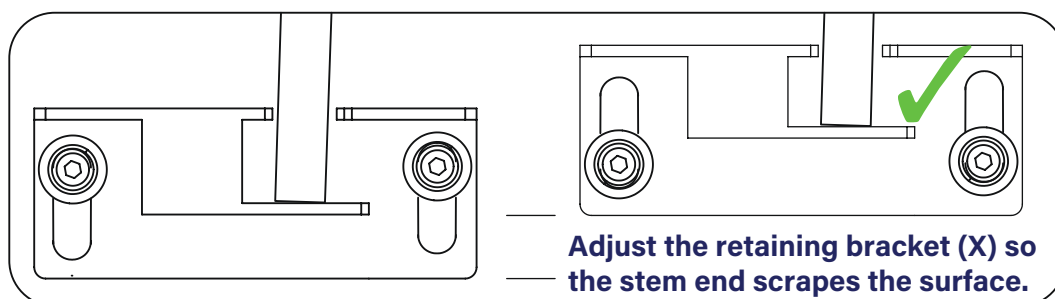

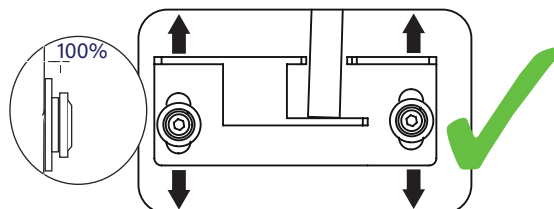

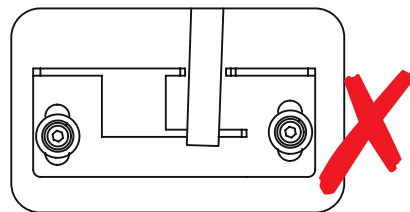

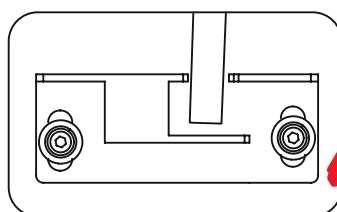

Unpack the contents of the Ottoman Support Bar (O.S.B.) from it's carton - this is packed inside Pack 2.

Setting the inner stem of the support bar (W), adjust the inner stem to the correct length

Set the inner stem to the correct length so the end just touches the retaining bracket - it needs to touch to hold it in position.

21

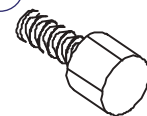

Erect the media tray

i) Unfold the media tray.

F

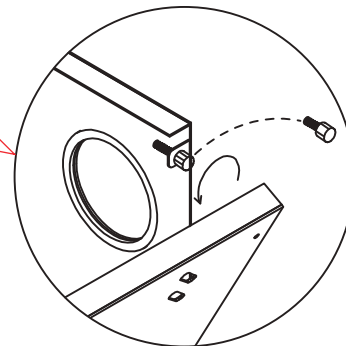

Hardware pre-fitted
to the media tray

4

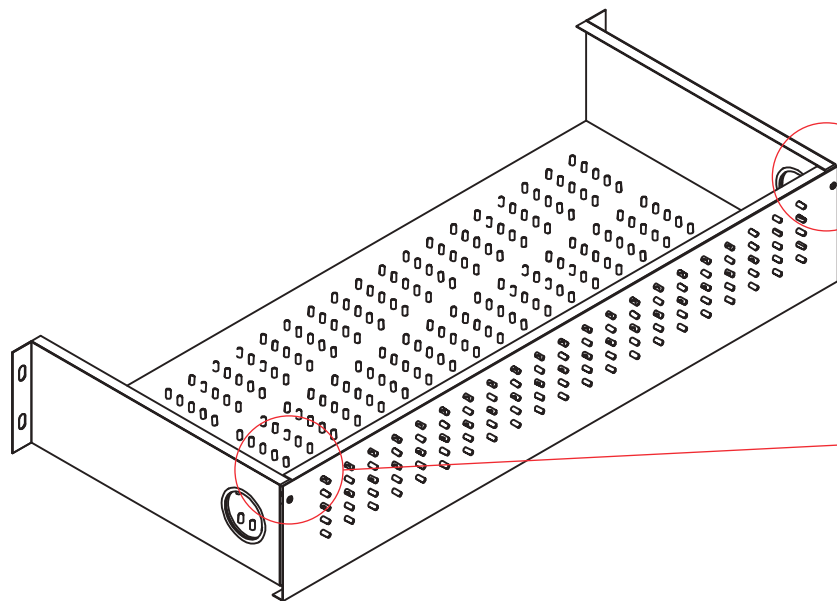

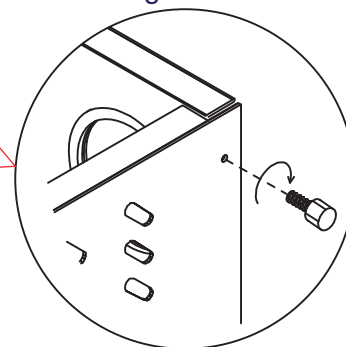

Thumb-screws x2

ii) Remove the screws from each end.

iii) Align the back & sides of the tray
and screw together as shown.

22

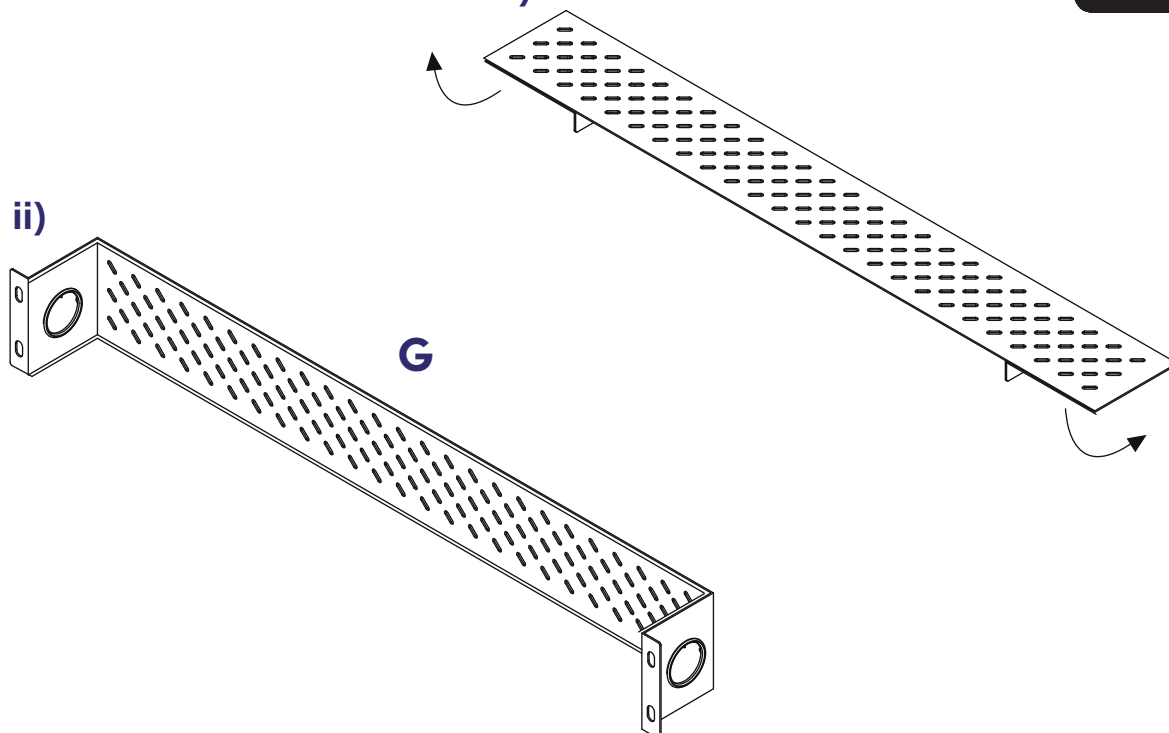

Unfold the cable guards

i)

Repeat
x 2

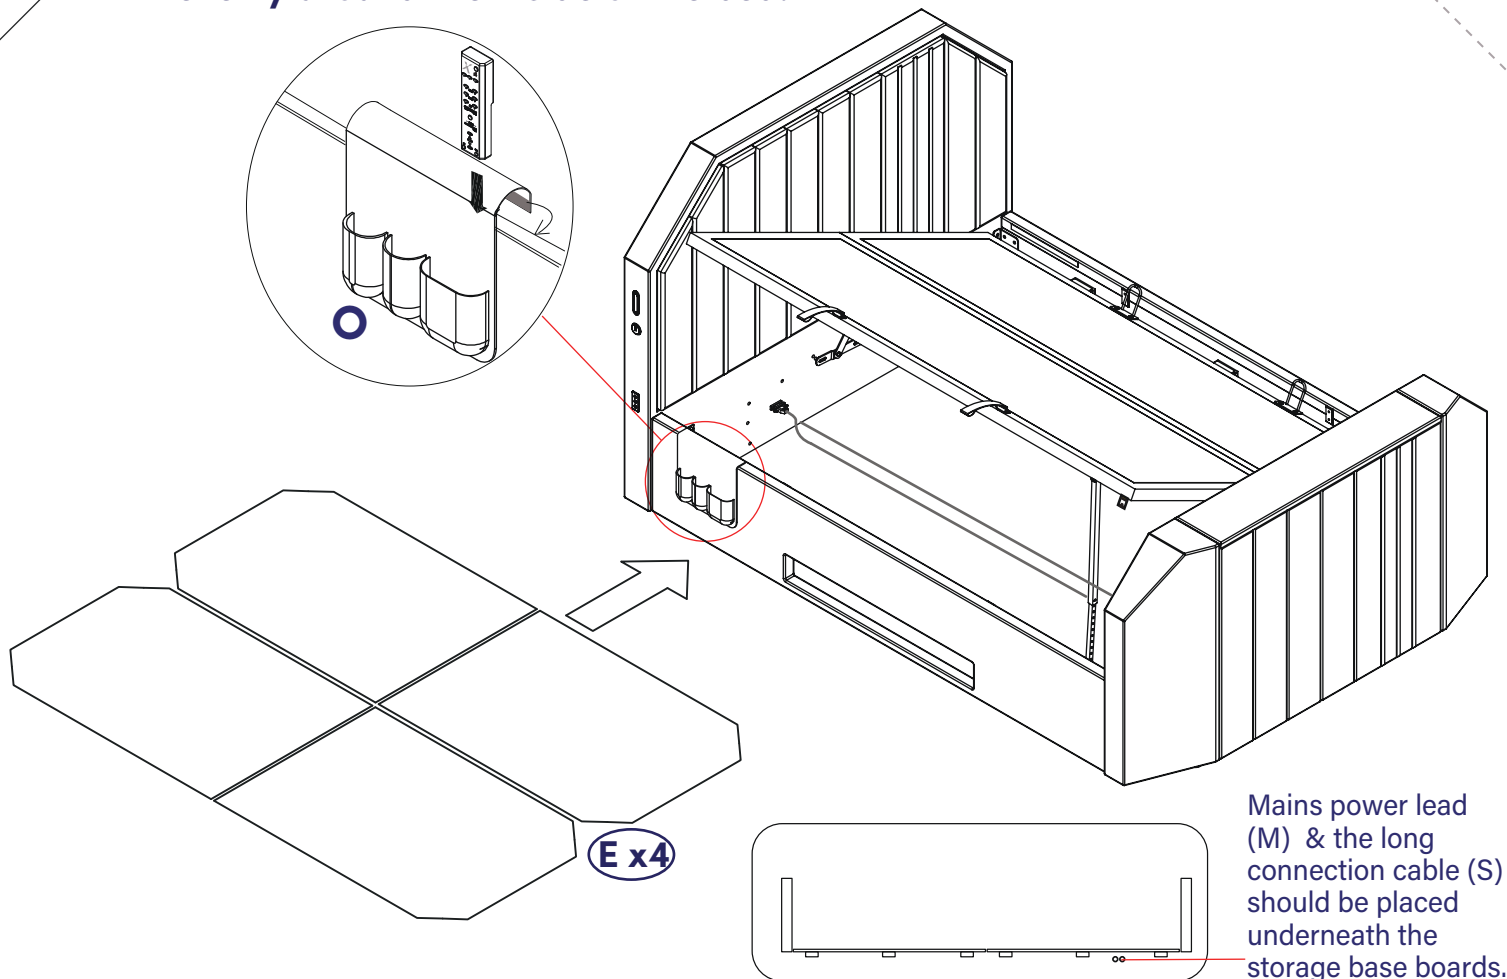

ii)

G

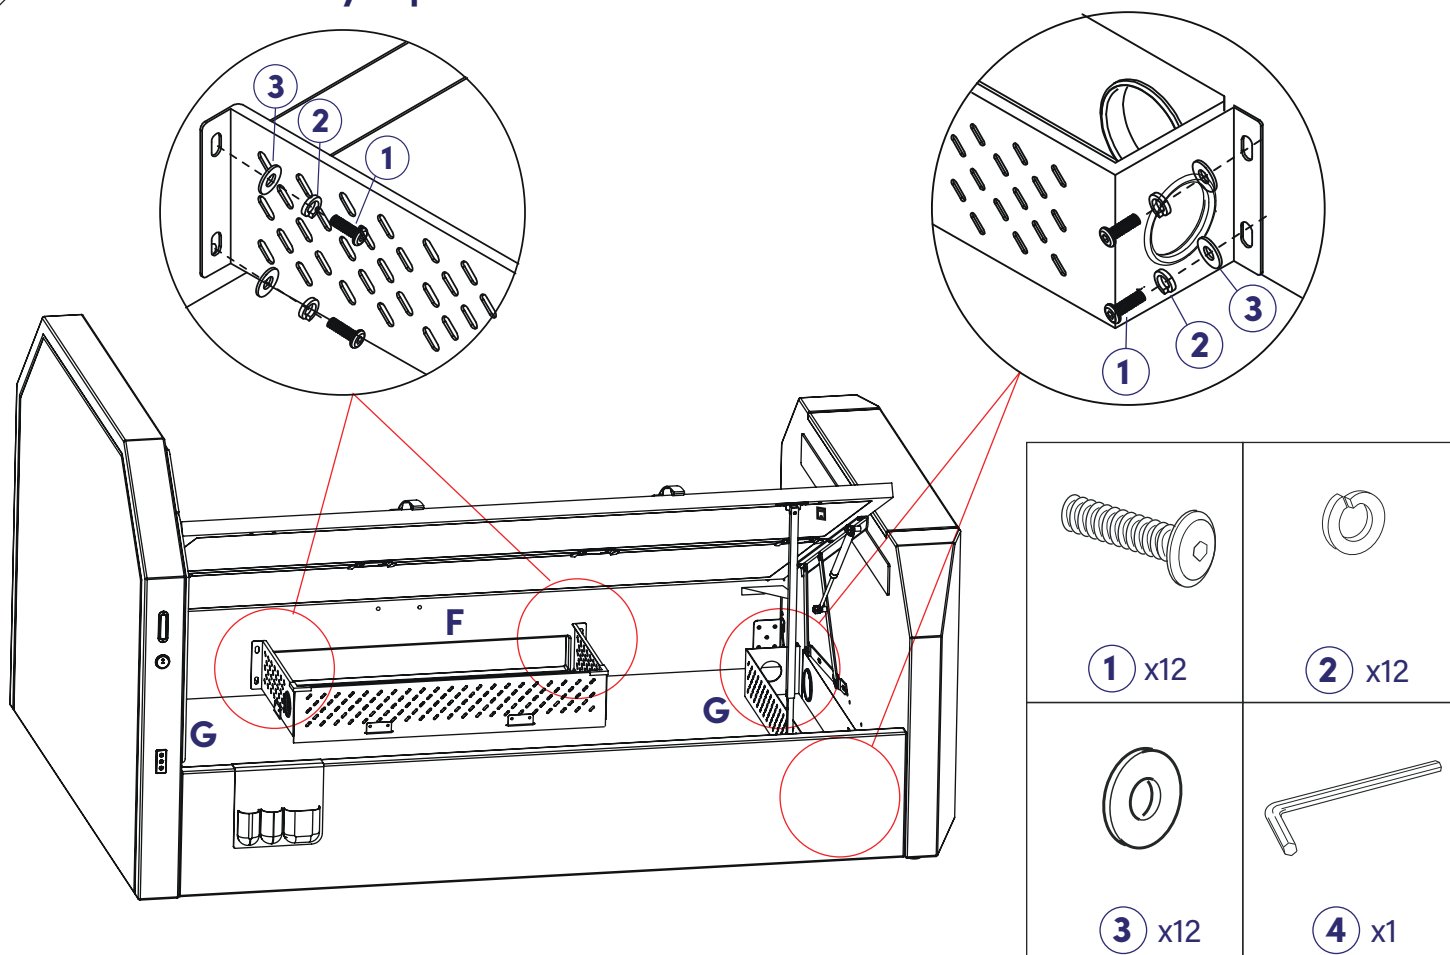

23

With the bed in it's final location, fit the storage base boards (E) evenly around the inside of the bed.

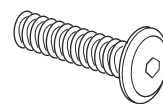

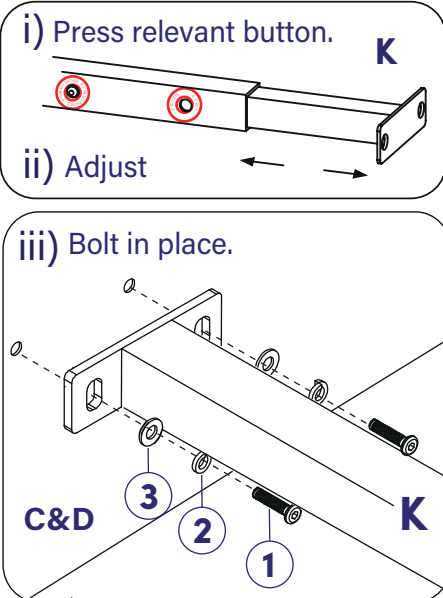

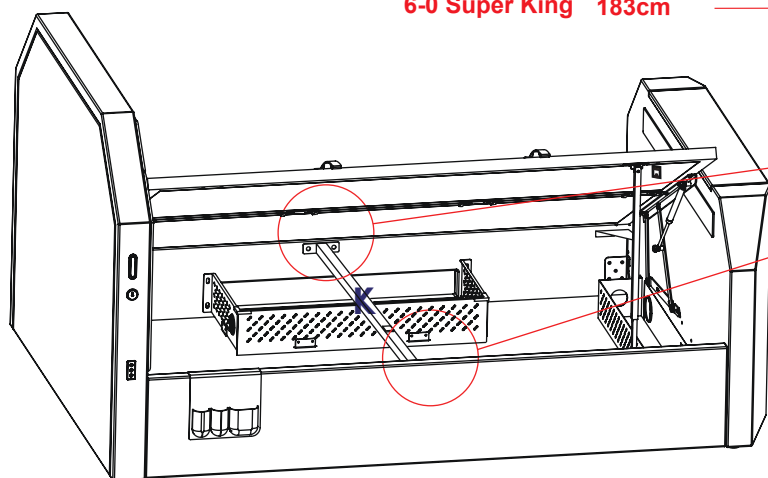

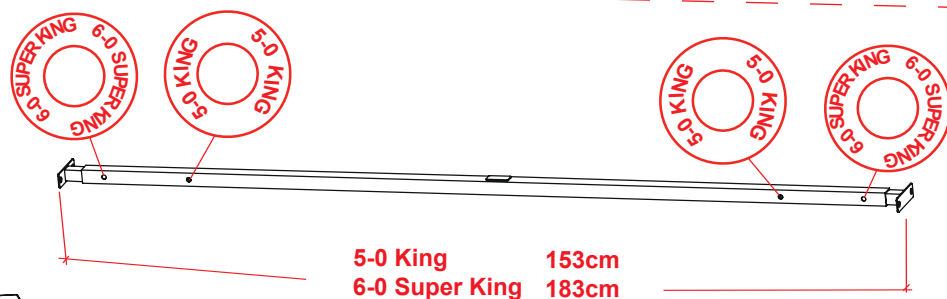

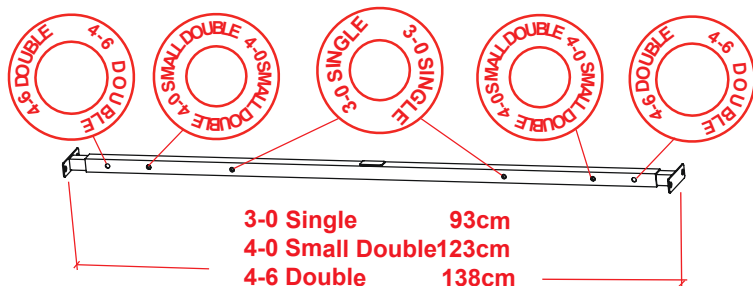

24

Fit the media tray in position.

Please adjust the length of the adjustable side rail cross bar (K) to suit the width of your bed.

AUDIO OPERATION GUIDE

2.1 AUDIO SYSTEM

TURN AMPLIFIER ON or OFF.

- 1) Turn on the mains power to the TV Bed.
- 2) Press the Remote Control (RC) ON button for 2 seconds to synchronise and prepare the system, system voice shall say 'Power On'.
- 3) When finished press the OFF button for 2 seconds.

LIFT or LOWER THE TV.

Press once and TV will rise to it's upper working position. Power to the TV will be connected automatically - operate the TV using it's Operation Guide.

Press once and TV Lift will stop.

Press once and TV will go down - as soon as the lower resting position is reached, power to the TV is switched off to prevent it overheating.

NOTE: BLUETOOTH WILL WORK NORMALLY WHEN TV IS UP OR DOWN.

SELECT OPTICAL or BLUETOOTH MODE.

Select the required mode by pressing OPT (Optical) to watch TV or

Select BT (Bluetooth) to connect to your smart device to play music.

Pair your device in the normal way searching for -- 'MY BT' --.

Two devices can pair with the system but each will need to disconnect to allow the other to connect.

If a device was previously connected, system will immediately say PAIRED.

If not previously connected, system shall say PAIRING.

Note you cannot play films through the system from any BT device.

The same blue LED light bar is used to show steps for all the following controls: VOLUME, BASS & TREBLE.

VOLUME CONTROL

Use --- + or - --- button to increase or decrease the volume.

Note that this control operates step by step and as it is adjusted, the blue LED light bar follows each step until full volume is reached, then the blue lights are all on.

BASS CONTROL

Adjust the Bass attenuation - these buttons increase or decrease the lower frequencies of the sound.

TREBLE CONTROL

Adjust the Treble attenuation - these buttons increase or decrease the higher frequencies of the sound until the preferred sound level is achieved.
Note: if higher frequency sound is reduced, the volume of the sound appears to be reduced too - this is normal.

LED Lights

Switch on or off the LED light array on the rear of the headboard

Switch on or off the main LEDs on the front of the head & footboards

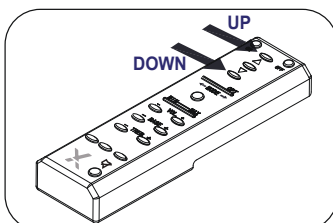

This button operates the torch.

MUTE BUTTON

This button turns the sound off and back on again .

Occasionally the pairing between Remote Control & the bed control system is lost, usually due to atmospheric conditions. To re-pair please follow these instructions.

- ① Disconnect all mains electrical power to the bed for at least 60 seconds.
- ② Press either the UP or DOWN Button on TV Lift Remote Control and keep holding the button down, simultaneously re-connect mains electric power to bed keeping button down for at least a further 5 seconds. The TV Lift unit receives the signal from the RC and the TV lift will begin to move UP or DOWN whichever button was pressed.
- ③ Re-pairing is now complete.

Control Panel Operating Instructions

1. Light forward button: Press button to select the next colour/light in sequence.
2. Power Button:
 - Long press- turn light on/off
 - Short press - change modes between:
 - Single Colour modes
 - Dynamic RGB modes
 - Sound Reactive control modes
3. Light return button: Press button to select the previous colour/light in sequence.

For further instructions and use of the lights, please download the Neo Motion™ Sync App

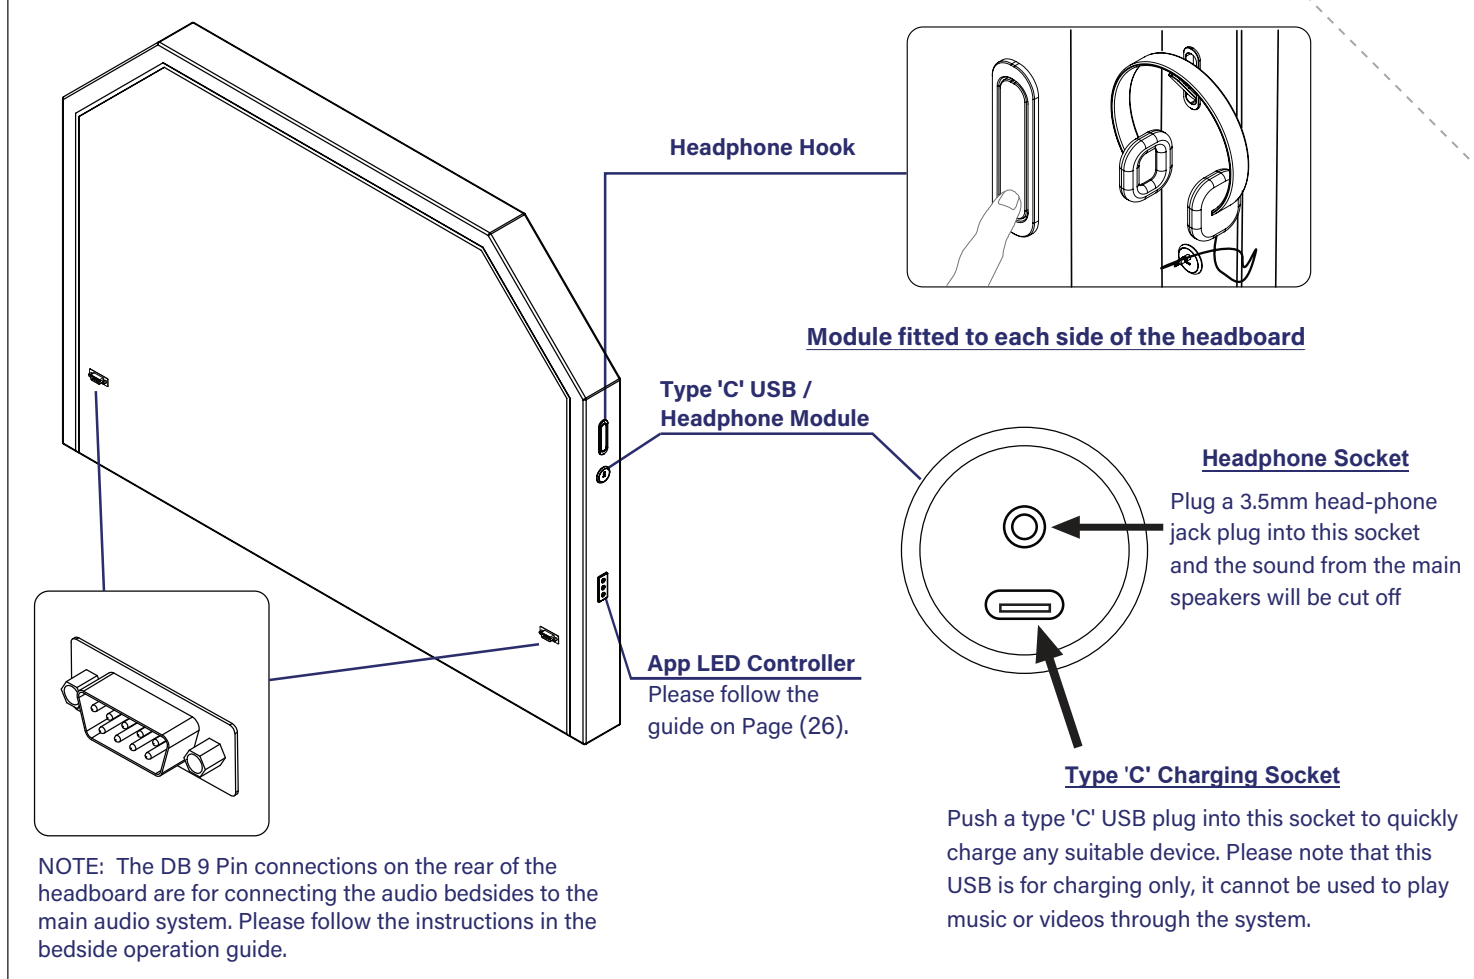

Neo Motion™ SYNC Control

Get access to over 200 patterns and unlimited customisability by downloading the Neo Motion™ App.

Compatible with Android 7 and above / IOS 12.0 and above

Care & Maintenance

Cleaning

To clean your new bed, we'd advise using a warm damp cloth or if fabric, remove dust using a low suction vacuum cleaner. Please do not use abrasive chemicals or bleach as this may damage the product.

Checking and moving

Periodically we recommend you check that the screws or fixtures haven't become loose over time. To move your new bed, we recommend lifting it where possible, as dragging or pushing it could cause damage to the legs or flooring.

Wood

Please note each of our wooden pieces are unique, meaning that markings and shade can vary slightly between beds. Over a period of time, the wood might lighten or fade slightly due to light exposure.

Fabric

Please note depending on the lighting, positioning and surroundings of your room, the shade of the colour can sometimes appear slightly different. Over a period of time, the colour might lighten or fade slightly due to light exposure.

Metal

Metal tends to be more resilient to everyday wear and tear. We recommend to gently dust your metal furniture and keep it dry to maintain its look.

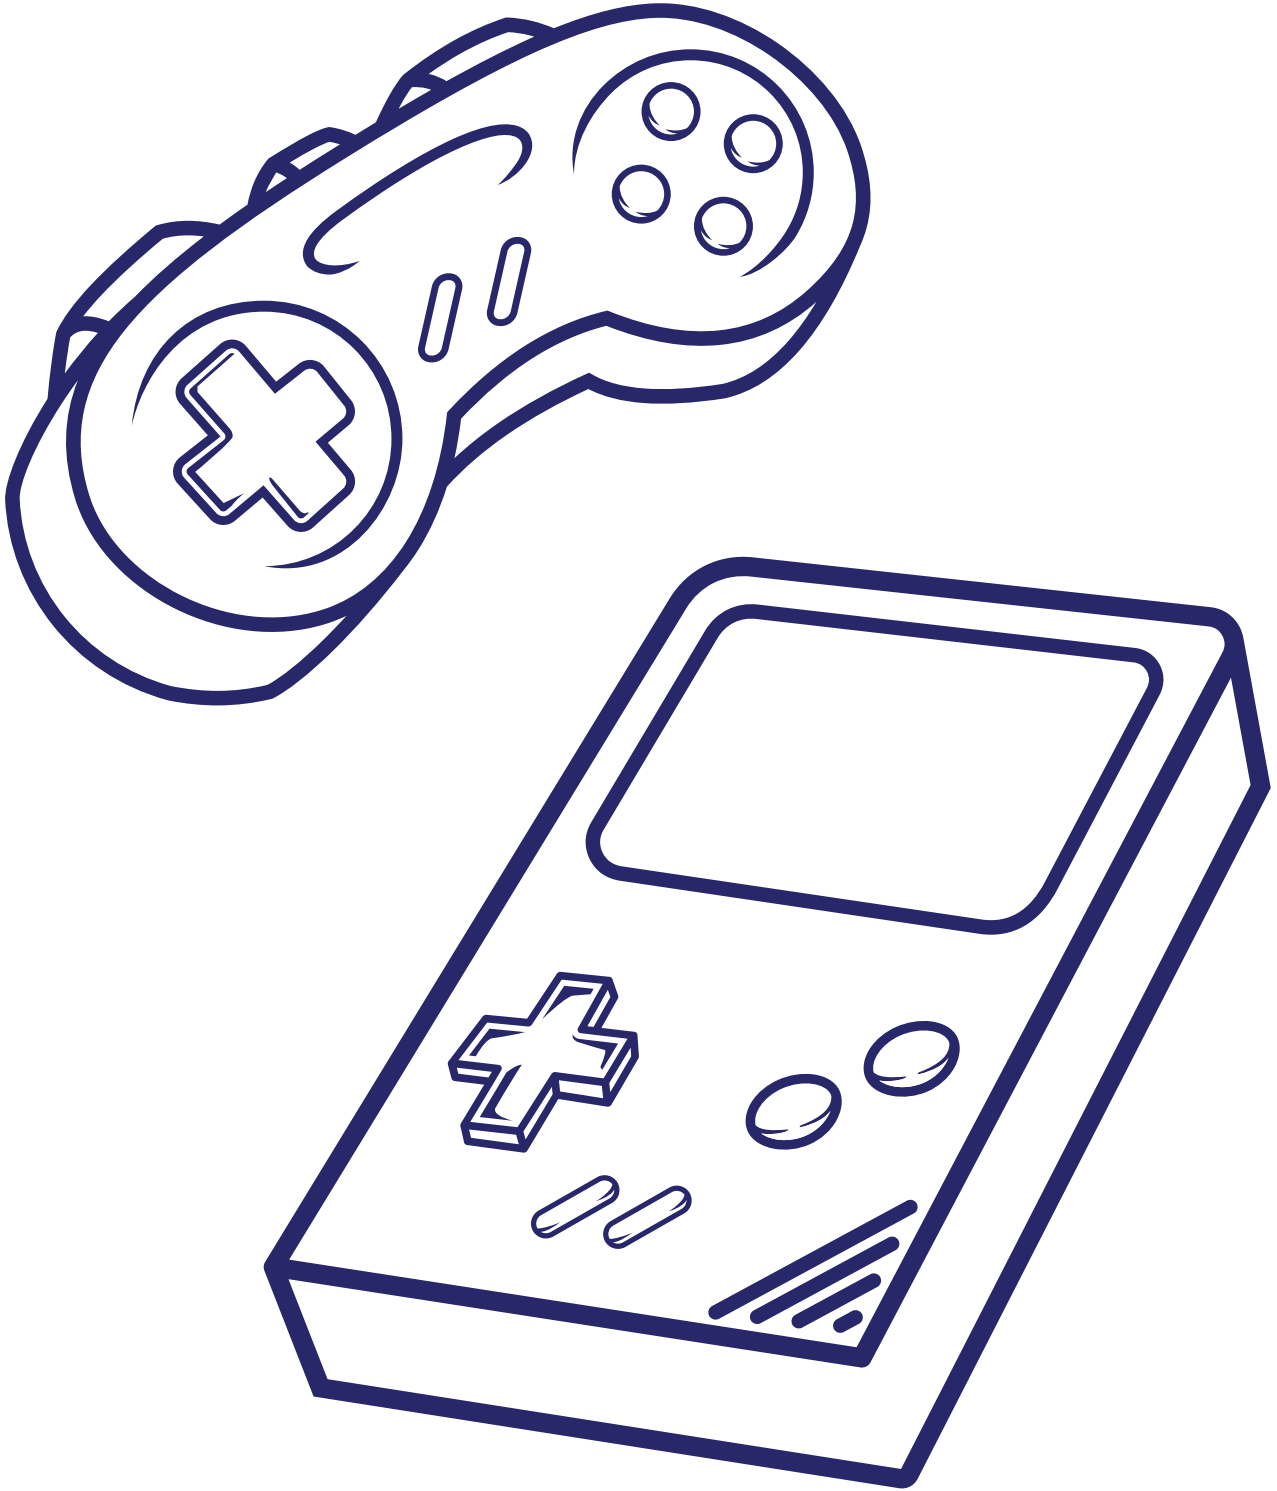

Thank you for shopping with us - we hope you have a great night's sleep.

Sleep well

Little dreamers

Keep the little ones entertained while
you assemble your new purchase.
