Love your bed

# Thank you

Hello, thanks for choosing to purchase your bed from Dreams - you're now on your way to your best ever night's sleep. Before you begin building your bed, please take a moment to read through the instructions and make sure that you've got all the relevant parts listed on the following pages.

## Assembly tips

Before you begin, it's best to identify all parts and fittings to build your bed. We advise laying these out on the floor to check you have everything, and familiarising yourself before building.

## Top tip

We recommend that you build your new bed in the room you'd like it to be located - this will help prevent any risk of damage to your newly built bed whilst moving it.

## Safety and care

It's really important to ensure children and animals are kept away from the assembly area, as there are small components used in this bed which could present a choking hazard. All plastic and wrapping materials should also be kept away from children and animals to prevent any risk of suffocation. To keep your little ones busy, there is a colouring page inside the back cover.

## Help and support

At Dreams, it's our mission to give the whole nation a great night's sleep - this means that the quality of our products is of utmost importance to us. If there are any issues with your product or any missing parts, please contact our Help Centre on 0800 652 6750, where a member of our team will be happy to help. (For customers based in Northern Ireland, please call 028 9050 8300)

## Recycling

Please ensure that packaging is disposed of in a safe and environmentally friendly way, and recycle where possible. Our assembly instructions are printed on recycled paper. Please keep your assembly instructions safe to refer back to in the future.

# Parts

## Important information

The bed you have purchased comes with a Sleepmotion Electric bed base. Please follow the instructions that came with the base in the following order.

Once the base is built please follow the instructions to build your frame around the Sleepmotion base itself.

Parts shown in dotted lines are packed in the Sleepmotion bed base carton.

# Parts list

Code	Description	Qty	Box
A.	Headboard	1	1
B.	Footboard	1	2
C.	Side Rails	2	3L

Before starting assembly please refer to the owners manual supplied with your Sleepmotion bed base and follow the instructions taking note of any safety precautions or operational safety requirements of the installation.  
To begin, build the bed base first by screwing in the eight longer 6" (15cm) legs, see stage 1.

## Important:

Place the base in final position in the room that it will be used in, connect the power and check the operation.

Step by step, follow the bed assembly instructions below, to build the bedstead around the bed base itself.

## Please note

To control the bed via an App, please go to the App store or Google Play and download the 'NAPP by Dreams'. Once downloaded and registered stand close to the bed and 'add device' then follow the instructions carefully.

When connection is made you will be able to control the Bed using 'NAPP by Dreams'.

## Fittings

Please check you have all the parts listed below with your product:

**PLEASE NOTE:** There are bolts which have been pre-fitted to the Headboard & Footboard (A&B) not included below - please study Step 2 carefully.

<b>l x1</b>  Mains power lead	<b>o x3</b>  Cable clips	<b>u x3</b>  Cable ties	<b>v x1</b>  HDMI 90° adapter	<b>N x1</b>  Remote control TV Lift_Audio
<b>r x1</b>  Long connection cable between headboard & footboard	<b>i x2</b>  TV Support slide	<b>s x2</b>  HDMI leads	<b>W x1</b>  Remote Control Holster	

# Tools required

Tape measure

Cross head screwdriver

# 1 Screw in the legs and place the electric bed base in the final position in which it is to be used

## 2 Prepare headboard & footboard for assembly.

Hardware is pre-fitted to the Headboard & Footboard (A&B)

Please do not remove these screws - unscrew them by 10mm using Allen key (d).

Fit the four bolt sets (a, b & c) to the four upper holes marked with the red labels, leave 10mm protruding same as the other eight bolts..

**3 To the pre-assembled headboard, fit the right hand side rail (C).**

**4 Carefully position the electric bed base and plug in the power cable then raise the head and foot ends.**

Connect the electric bed power lead to a wall socket - for safety, this must be an earthed power supply.

- 5** Raise the electric bed at head & foot ends & connect the footboard to the RH side rail.

d  x1

- 6** The long connection cable (r) and the mains power cable (l) should be laid flat between foot & head boards.

7

- i) Connect the power lead to your wall socket - for safety, this must be an earthed power supply.

ii)

Turn on the power to the system - please refer to the Operation Guide on Page 14.

8

**Notes: For illustration purposes only, TV connections may vary.**

Tip:

Before fitting the TV, push any leads through each duct from the top, choosing the best side to use depending on where the connection ports are on the back of your TV.

Never cross leads from one side to the other unless as shown in the instruction below, in the step.

On the RC, press the UP button to raise the TV lift.

## 9 Preparing to fit the television.

## 10 Fitting the television.

Maximum TV dimensions W98 x H57.5 x D8.5cm

ii.

iii.

Use the hardware supplied with the television to connect to the TV bracket

iv.

**Note: For illustration purposes only, TV connections may vary.**

Plug in-keep all cables tight use clips&Ties provided.

13

Make certain the bed is squared up as shown in the diagram then tighten all bed assembly bolts 100%.

14

Hang your headphones.

# AUDIO OPERATION GUIDE

## QUANTUM TV BED 2.1 STEREO SYSTEM

### TURN AMPLIFIER ON or OFF.

- 1) Turn on the mains power to the TV Bed.
- 2) Press the Remote Control (RC) ON button for 2 seconds to synchronise and prepare the system, system voice shall say 'Power On'.
- 3) When finished press the OFF button for 2 seconds.

### LIFT or LOWER THE TV.

Press once and TV will rise to it's upper working position. Power to the TV will be connected automatically - operate the TV using it's Operation Guide.

Press once and TV Lift will stop.

Press once and TV will go down - as soon as the lower resting position is reached, power to the TV is switched off to prevent it overheating.

**NOTE: BLUETOOTH WILL WORK NORMALLY WHEN TV IS UP OR DOWN.**

### SELECT OPTICAL or BLUETOOTH MODE.

Select the required mode by pressing OPT (Optical) to watch TV or

Select BT (Bluetooth) to connect to your smart device to play music.

Pair your device in the normal way searching for -- 'MY BT' --.

Two devices can pair with the system but each will need to disconnect to allow the other to connect.

If a device was previously connected, system will immediately say PAIRED.

If not previously connected, system shall say PAIRING.

Note you cannot play films through the system from any BT device.

The same blue LED light bar is used to show steps for all the following controls: VOLUME, BASS & TREBLE.

### VOLUME CONTROL

Use + or - button to increase or decrease the volume.

Note that this control operates step by step and as it is adjusted, the blue LED light bar follows each step until full volume is reached, then the blue lights are all on.

### BASS CONTROL

Adjust the Bass attenuation - these buttons increase or decrease the lower frequencies of the sound.

### TREBLE CONTROL

Adjust the Treble attenuation - these buttons increase or decrease the higher frequencies of the sound until the preferred sound level is achieved. Note: if higher frequency sound is reduced, the volume of the sound appears to be reduced too - this is normal.

### LED Lights

Switch on or off the LED arrays on the front & back of the head end.

Switch on or off the platform light under the TV and the media tray light mounted above the media tray hole, in the side rail (Ca).

This button operates the torch.

### MUTE BUTTON

This button turns the sound off and back on again .

### MODULE FITTED TO EACH HEAD END WING

#### TYPE-C CHARGING SOCKET

PUSH A TYPE-C PLUG INTO THIS SOCKET TO CHARGE ANY SUITABLE DEVICE

NOTE THIS USB IS FOR CHARGING ONLY, IT CANNOT PLAY MUSIC OR VIDEOS THROUGH THE SYSTEM.

#### HEADPHONE SOCKET

PLUG A 3.5mm HEAD-PHONE JACKPLUG INTO THIS SOCKET AND SOUND FROM MAIN SPEAKERS IS CUT OFF.

# Care and maintenance

Here are some tips to keep your new furniture in tip-top condition

## Cleaning

To clean your new furniture, we'd advise using a warm damp cloth or if fabric, remove dust using a low suction vacuum cleaner - please do not use abrasive chemicals or bleach as this may damage the product.

## Checking and moving

Periodically we recommend you check that the screws or fixtures haven't been become loose, over time. To move your new furniture, we recommend lifting it where possible, as dragging or pushing it could cause damage to the legs or flooring.

## Wood

Please note each of our wooden pieces are unique, meaning that markings and shade can vary slightly between beds. Over a period of time, the wood might lighten or fade slightly due to light exposure.

## Fabric

Please note depending on the lighting, positioning and surroundings of your room, the shade of the colour can sometimes appear slightly different. Over a period of time, the colour might lighten or fade slightly due to light exposure.

## Metal

Metal tends to be more resilient to everyday wear and tear. We recommend to gently dust your metal furniture and keep it dry to maintain its look.

**Thank you for shopping with us - we hope you have a great night's sleep**

*Sleep well*

# Little dreamers
