# Thank you

Hello, thanks for choosing to purchase your bed from Dreams - you're now on your way to your best Ever night's sleep. Before you begin building your bed, please take a moment to read through the Instructions and make sure that you've got all the relevant parts listed on the following pages.

## Assembly tips

Before you begin, it's best to identify all parts and fittings to build your bed. We advise laying these out on the floor to check you have everything, and familiarising yourself before building.

## Top tip

We recommend that you build your new bed in the room you'd like it to be Located - this will help prevent any risk of damage to your newly built bed Whilst moving it .

## Safety and care

It's really important to ensure children and animals are kept away from the assembly area, as there are small components used in this bed which could present a choking hazard, All plastic and wrapping materials should also be kept away from children and animals to prevent any risk of suffocation. To keep your little ones busy, there is a colouring page inside the back cover.

## Help and support

At Dreams, it's our mission to give the whole nation a great night's sleep - this means that the quality of our products is of utmost importance to us. If there are any issues with your product or any missing parts, please visit our website at [www.dreams.co.uk /help](http://www.dreams.co.uk/help)

## Recycling

Please ensure that packaging is disposed of in a safe and environmentally friendly way, and recycle where. Please keep your assembly instructions

19

Fix the Side Tables

# Ottoman Support Bar Assembly

## How to use

Before accessing the ottoman storage area, always ensure the ottoman support bar is engaged.

1. When engaging the ottoman support bar, ensure the slat frame/ platform base is raised to the maximum opening extension point i.e. the uppermost height.
2. Locate the support bar from under the slat frame / platform base bracket and guide the support bar into the bracket fixed to the bed frame.
3. When you are ready to close the ottoman, carefully locate the support bar and lift it upwards out of the bed frame bracket and guide it back under the slat frame/platform base and secure it using the bracket provided.
4. Slowly close the ottoman slat frame / platform base using the handle provided.

- ✓ **Recommended mattress weights - do not exceed the maximum relevant weight specified on the Assembly Instruction.**
- ✓ **Ottoman support bar - always engage the support bar when accessing the ottoman storage area.**
- ✓ **Read all instructions provided before using your Ottoman bedframe. Please save and retain the instructions for future reference.**

# WARNING

- **Ensure the combined bedding and mattress weight is within the recommended weight guidance**
- **Adult Operation Only:** Not recommend for use by under 12 years old. Please note ease of operation is dependent on height and strength of user.
- **Avoid Entrapment:** Always lift the bed with the mattress in place, using the handle to lift and lower the base, keeping clear of the mechanism.

- **Fully Open Ottoman:** Ensure the ottoman is fully open before accessing the storage area.
- **Avoid Hinge Area:** Do not reach into the storage area through the hinge mechanism.
- **Keep Children and Pets Away:** Ensure children and pets stay away from the storage area. Do not stand inside the internal storage area of the bed.
- **Maintenance** - Regularly inspect your bed to ensure it is functioning correctly.

## Recommended mattress weight for safe operation

# Care and maintenance

Here are some tips to keep your new bed in tip-top condition

## Cleaning

To clean your new bed, we'd advise using a warm damp cloth or if fabric, remove dust using a low suction vacuum cleaner - please do not use abrasive chemicals or bleach as this may damage the product.

## Checking and moving

Periodically we recommend you check that the screws or fixtures haven't become loose, over time. To move your new bed, we recommend lifting it where possible, as dragging or pushing it could cause damage to your flooring.

## Wood

Please note each of our wooden pieces are unique, meaning that markings and shade can vary slightly between beds. Over a period of times, the wood might lighten or fade slightly due to light exposure

## Fabric

Please note depending on the lighting, positioning and surroundings of your room, the shade of the colour can sometimes appear slightly different. Over a period of times the colour might lighten or fade slightly due to light exposure.

## Metal

Metal tends to be more resilient to everyday wear and tear. We recommend to gently dust your metal furniture and keep it dry to maintain its stock.

Thank you for shopping with us -we hope you have a great night's sleep

*Sleep well*
